Here's a real sight for sore-eyes. Have you ever rested your orbs on anything nicer in your life than our low prices? Our food specials are not only easy on the eyes — but think of how easy they can be on your pocket book too. If you are a far-sighted shopper who wants to take a long view at savings, just cast a glance in our direction. You'll find that our prices are the lowest consistent with high quality—that's because we sell more groceries than any other store in the neighborhood, and the more groceries we sell the more economically we can do business. The more economically we do business the lower are our prices. Sounds simple doesn't it . . . come on in and see for yourself.
